Subject: [External] Call tomorrow RE: USCA Member Survey on Natural and Working Lands

CAUTION: External email. Do not click links or open attachments unless verified. Send all suspicious email as an attachment to [Report Spam](#).

Hi all,

I'm following up with a quick reminder about our phone call at 12:30pm PDT/3:30 EDT tomorrow (Tuesday, March 27th). The call-in information is: +1 (916) 573-2034; access code: 11544827, or [find a local number](#).

We're looking forward to discussing how we continue to shape the Natural and Working Lands initiative, and will discuss how the [survey](#) we circulated last week with our partners from American Forests and World Resources Institute:

<https://www.surveymonkey.com/r/WT5CM3K>

Per requests, I have also attached the survey as a PDF for those states that wish to divide responses amongst staff. You can click through the survey without putting in answers to preview the questions, as well. Sorry for the delay! Let me know if you have any questions – this is much cleaner and easier than a Word file. Please do not turn in your responses as a PDF, but enter them online.

Best,

Joey Wall

Subject: USCA Member Survey on Natural and Working Lands

Hello USCA member state contacts,

To continue making progress on managing natural and working lands to mitigate climate change, we are asking USCA member states to each fill out [this survey](#). There are 23 mostly multiple choice questions, and it should take up to 10-15 minutes to complete. Please contact me with any questions or comments:

<https://www.surveymonkey.com/r/WT5CM3K>

Please complete the survey by COB on Friday, March 30th.

Please find attached two short files explaining two of the products provided by American Forests and World Resources Institute; these products and other information are explained in the survey, as well.

Our regularly scheduled coordination call on Tuesday, March 27 (+1 (916) 573-2034, access code: 11544827 @ 12:30pm PDT/3:30pm EDT) will be turned over to Jad Daley of American Forests and Jamey Mulligan of World Resources Institute to answer questions about this survey and their efforts to support member states in this initiative.

Here are Jad and Jamey's contact information if you want to reach out directly (they are also cc'd):

Jad Daley: 202-370-4507

Jamey Mulligan: 617-686-7821

Thank you for your time – we are looking forward to working with you on this critical area to continue leading on climate change and serve our communities.

Best,

Joey Wall
